1-2-3 Presentations: Our Food Systems

Overview
Each small group will have 25 minutes to read one recent article about our food systems, and create a 1-2-3 Presentation to share with the class.

Presentation
Each presentation should
• Summarize the article and present the key points
• Discuss how the topic of the article relates to each of the Three Pillars of Sustainability
• Provide at least one example of how the topic of the article relates to your life

Articles
Group 1: Global diets link environmental sustainability and human health
Group 2: The Meat Eaters Guide: Climate and Environmental Impacts
Group 3: A five-step plan to feed the world
Group 4: EPA green lights spinach genes for genetically engineered orange trees
Group 5: Hardship on Mexico’s farms, a bounty for U.S. tables
Group 6: How She Lives on Minimum Wage: One McDonald’s Worker’s Budget
Group 7: Wasted USA

Tips for making an effective slideshow presentation
Your slides should tell your story visually, while you tell your story verbally.

When it comes to text, less is more.

Think sleek and simple, not flashy and loud.
